COMPANY OVERVIEW

- ABSS Solutions, Ins. (ASI), established in 2006, is an information technology (IT) consulting firm that specializes in a host of IT solutions in service to commercial organizations and state and local Governments.
- ASI offers two primary lines of service: **ASI Staff Support Services** which encompasses IT staffing, outsourcing and consulting including support areas of project management, network management, and application development. **ASI Systems Integration Services** performs the installation, customization and operations support of a Cloud storage and operations solution, a Law Enforcement Business Intelligence Solution, an Internet Security Solution and an Audio/Visual systems integration solution.
- ASI has cultivated long-tenured relationships with our clients due to our exemplary service; care for our employees and consultants and staying focused on the dynamic and the changing needs of our customers. ASI is proud to state our first two customers in 2006-2007 are still using the services of ASI.
- ASI is a fiscally strong and stable company with solid sustainable growth and a noteworthy balance sheet. We can successfully fund any level of operation and have excellent relationships with our financial institutions. We are poised to support any level of effort.

ASI System Integration Services

CLOUD COMPUTING

ASI is an authorized reseller of Clear Connection, Inc. Cloud Services.

Clear Connection provides FedRAMP ATO Services to Federal agencies which include:

- Cloud Processing Solutions
- Software as a Services (SaaS)
- Big Data Storage and Processing
- Certified HSPD-12 end to end

INTERNET SECURITY

ASI is an authorized reseller of Netecs EVOHOP Technology.

EVOHOP is an Internet Security Service that evaluates the “from” and “to” location of all data entering and leaving your network and determines if the data is going to or coming from a problem location. If so, the system isolates that data and informs user management about the issue.

AUDIO-VIDEO CONTROL SYSTEMS

ASI is an authorized reseller of Government Systems, Inc. (GSI) audio/video command and control systems.

GSI specializes in designing, installing and maintaining integrated audio, video and control facilities for a wide variety of environments including command and control centers, video teleconferencing facilities, classrooms, conference and training rooms, auditoriums and more.

BUSINESS INTELLIGENCE

ASI is an authorized reseller of Xerox, Inc. Police Business Intelligence (PBI) software solution.

PBI is a State-of-the-Art BI Solution for law enforcement that integrates disparate data from existing information systems and real time data collected from speed traffic cameras, red light cameras, parking citations, and other “in-the-field” devices into a real time information system in support of law enforcement.
